

RADIANCE

HAZER

Le Maitre's New Radiance Haze Machine is the next major advancement in Water Based Haze Technology. Once again, Le Maitre is setting new standards that all other haze machines will be measured against. Features include: Built-in DMX that controls both the Haze Output and Internal Fan. This combination offers excellent Haze Control and Even Dispersion. The Radiance can also be operated by an optional remote or by utilizing the onboard variable settings. Additional features include an IDC Removable Power Cable, Multi-use Bracket and the ability to utilize the various sizes of the Le Maitre fluid containers. The Radiance uses the Neutron Haze Fluid which is a proven fluid that offers the best in low consumption and great hang time.

Serviceability is key; built with Le Maitre's innovative 4-Port Rapid Clean Vaporizer. It can be cleaned and returned to service in less than 15 minutes.
